## Empowering The Risk Manager

A Western Litigation Webinar Series

**ECRI**Institute  
The Discipline of Science. The Integrity of Independence.

Risk managers are often challenged by clinicians to “show the evidence” of risk initiatives. This webinar will look at ways to utilize information from participation in a PSO to counter such challenges.

This panel of industry experts will review the structure of PSO participation, review the Affordable Care Act timeline and identify steps that can be taken to use risk data as the basis for evidence based results.

## Evidence Based Risk Management: Using a Patient Safety Organization to Validate Risk Management Efforts

### WHO SHOULD ATTEND?

This webinar will present an **intermediate** level of information. It is intended for participants with at least one year of experience with this topic.

This seminar is important for all healthcare risk managers with an interest in understanding the logistics and benefits of PSO participation.
