Yelena Archiyan focuses her practice on commercial restructuring and reorganization matters, including out-of-court workouts, asset sales, liquidations and bankruptcy-related litigation. She helps creditors in bankruptcy proceedings recover assets, obtain relief from the automatic stay, and negotiate plan provisions. Yelena also represents debtors and has experience in the energy, oil and gas, precious metals, restaurant, and retail sectors.

Experience leads to a depth of knowledge

Yelena served as a law clerk to the Honorable Russell F. Nelms of the US Bankruptcy Court for the Northern District of Texas. This experience gave her the unique opportunity to not only observe how judges consider and decide matters before them, but also play a key role in the decision-making process by recommending dispositions to the court. Yelena uses this experience to help guide clients through the judicial process.
