

Kimberly A. Curran*

Chief Major Program Officer

Chicago Office

1.312.577.8302

kimberly.curran@katten.com

When it comes to overseeing risk and financial systems transformation projects, the firm looks to Kimberly Curran our chief major program officer. Kim has deep experience with program management, analysis, implementing best practices, defining business requirements and deploying innovative risk, and accounting solutions for law firms.

Kim also has provided program management for two of the largest SAP implementations and one of the largest Elite Enterprise implementations. She has led the selection and implementation of products such as CMS Open, Elite Enterprise, Elite 3E, SAP, LegalKey, INTAPP and other internally developed software.

Kim's knowledge covers a variety of functional areas, including financial and practice management, human resources, budgeting and forecasting, cost capture, document management, new business intake, conflicts, management reporting, dashboards and workflow processes. She has spent significant time optimizing business processes and best practices for billing and e-billing for firm clients.
