sara.pistilli@katten.com

Sara Pistilli focuses her practice on patent preparation and prosecution in the chemical/pharmaceutical industry. Her experience includes patent drafting, prosecution, and ANDA litigation which draws from her educational background in biology, chemistry and pharmacy.

Pharmaceutical-focused background delivers precise, science-driven patent strategy and protection

Sara has experience with patent drafting and patent prosecution within the chemical arts, focusing specifically on nanoparticles, organic compositions, medical devices, glass compositions and pharmaceutical compositions. Her work in intellectual property allows her to stay up to date on new technologies, while also utilizing her detail-oriented, hardworking ethic in the problem-solving nature of the law.

Sara is a registered patent attorney with the US Patent and Trademark Office and previously worked as a registered pharmacist before becoming an attorney.
