Corporate Governance: A Legal Checklist for Clean Tech Providers

Presented by Katten Muchin Rosenman LLP

April 12, 2017

Katten attorneys Claudia Callaway, Christina Grigorian and Genus Heidary will present "Corporate Governance: A Legal Checklist for Clean Tech Providers" on Wednesday, April 12 at 12:00 pm (ET). Corporations, partnerships, limited liability companies—all were designed to conduct business. But how, from a legal standpoint, must the business be run? The program will provide a legal checklist for corporate governance considerations and will touch on:

- An overview of corporate formalities, including "good standing" and other state-based requirements.
- Regulators' and capital sources' expectations for boards of directors, as well as an overview of company structures and the distinctions between different corporate entities.
- Practical implications, including important requirements related to attorney-client protections.
- Case studies looking at recent federal and state enforcement actions based on corporate governance considerations.
