Risk-Based Compensation Strategies - A Legal Perspective

Presented by ECG Management Consultants

April 18, 2019

Laura Keidan Martin, national head of the firm's Health Care practice, will participate in the "Risk-Based Compensation Strategies – A Legal Perspective" webinar at 10:00 a.m. (PT) on Thursday, April 18. The webinar will focus on compliance questions associated with innovative value-based and risk-based models, as developing risk-based reimbursement and compensation strategies can be challenging for organizations not familiar with the regulatory ramifications. Learning objectives will include:

- understanding the stark risk exception;
- reviewing the various regulatory waivers in place today through CMS;
- sharing market examples of prominent risk-based approaches; and
- discussing the ideal approaches to evaluating FMV for risk arrangements.
