WEBINAR

Artificial Intelligence Use or Development in Health Care: Natural Intelligence will Help Us Identify and Understand the Legal Issues

Presented by Katten

January 13, 2021

Katten will present the "Artificial Intelligence Use or Development in Health Care: Natural Intelligence will Help Us Identify and Understand the Legal Issues" webinar at 12:00 p.m. (CT) on Wednesday, January 13. Health Care partners Ken Davis and Cheryl Camin Murray will give an overview of the legal issues that arise from the development of Artificial Intelligence in the health care industry. In particular, their virtual presentation will cover the applicable statutory, regulatory and common law requirements, ethical considerations, reimbursement issues, contractual exposure, torts and private causes of action, antitrust issues, employment and labor concerns, privacy and security risks, intellectual property concerns, and compliance program recommendations as they pertain to AI.

For more information, contact Michelle Hauser.
