Presented by Katten Muchin Rosenman LLP in association with the Illinois Technology Association

June 7, 2012

This program will kick off "The Next Phase," a new seminar series designed for technology companies that are generating revenue or have received venture capital funding and are now entering "the next phase" of their growth and development. Discussion topics will include the collection, use and distribution of data, how to build and grow a data-centric business, and what investors and investment bankers are looking for among "big data" companies. Katten partners Jeffrey Patt and Leonard Ferber will serve as panelists along with Wayne Boulais of Apex Venture Partners, Jimmy Secretarski of CHILDS Advisory Partners, and Arvind Singh of Utopia, Inc.
