WEBINAR

Successful Partnering Between Inside and Outside Counsel

Presented by Thomson Reuters

August 29, 2013

Partners Christian Kemnitz and David Goldberg will present this webinar at 12:00 p.m. on Thursday, August 29. The hour-long webcast will explore partnering strategies between inside and outside counsel through the lifecycle of a modern litigation/regulatory enforcement action as issues are uncovered, addressed, reported and remedied in today's legal landscape. Created specifically for in-house counsel within large financial institutions, David and Chris will walk participants through the roles and responsibilities of various stakeholders. Issues to be covered include a checklist of best practices at the intake stage, how to conduct a credible internal investigation, obligations and strategy regarding self-reporting to regulators, the division of roles up through and including the trial stage, and collateral consequences of a resolution, among others.
