

## Canadian Cleantech Colorado Connection (C4) Initiative

November 7, 2011

Katten is a key partner in the C4 Initiative, which was designed to help Canadian cleantech entrepreneurs grow their business, get to the next level and be successful internationally. The initiative was developed by the Trade Commissioner Service in Denver and in collaboration with the National Renewable Energy Laboratory (NREL). Special counsel Denise Mayfield has been selected by the Canadian Consulate General in Denver to meet with select clean technology companies one-on-one as part of the C4 Initiative. She also will be participating in the NREL Industry Growth Forum in Denver November 8–9.
