June 17–18, 2014

Katten is pleased to sponsor InfraAmericas' US P3 Forum, the P3 industry's premier gathering of infrastructure developers, investors, financiers, state and federal public officials and regional transportation authorities.

Partner Michael Murphy will chair the discussion "TIFIA and a New Transportation Bill: Funding Needs for the P3 Industry" at 11:30 a.m. on Tuesday, June 17. The panel of legislative process experts will discuss what the P3 industry needs in a new transportation bill and the implications for programs that affect the industry, including TIFIA and PABs. Topics will include:

- What are the most pressing infrastructure funding programs that the new bill should contain?
- What political issues are at play?
- How can private players get comfortable with legislative risks and how can they mitigate them?
