

2014 IDX: International Derivatives Expo

Presented by FIA and FIA Europe

June 10–11, 2014

Partner Carolyn Jackson will chair the panel discussion "Best Execution & Open Access" at 2:20 p.m. on Tuesday, June 10. The proliferation of SEFs and MTFs is changing the landscape for execution in a range of derivatives products. Given the clearing obligation that comes with this proliferation, and the open access to clearing venues offered under MiFID II, the clearing venue is an important factor in determining a successful new launch. Panelists will address the impact of these developments on liquidity, fragmentation and the role of the execution broker.
