

## Lance Zinman Comments on Hedge Fund Co-Investment Trends

August 7, 2017

Lance Zinman, global co-chair of Katten's Financial Services practice, was quoted by *FundFire*, a *Financial Times* publication, on co-investing trends for hedge funds. Lance noted that co-investments allow managers to increase their capital in a specific investment that could have too much exposure in the main fund or to raise funds for an idea separate from their flagships. However, he added, "Co-investment takes a little bit more devotion of resources from a manager." Depending on the terms set with investors, it can result in a significant amount of work.
