Katten's Response and Support for Los Angeles Wildfires Relief and Recovery Efforts

February 5, 2025

As the catastrophic wildfires have devastated the Los Angeles area, we extend our deepest concern for our colleagues and clients, their families and the broader community affected by this crisis. Our firm is committed to standing together in support of those in need throughout the region.

We have long promoted a culture of service by helping those in need and giving back to the communities where we live and work. With wildfires destroying entire communities, the need for assistance is immense.

During this difficult time, we are supporting relief and recovery efforts by making significant donations to the YMCA of Metropolitan Los Angeles and Habitat for Humanity of Greater Los Angeles — organizations providing essential services and resources as part of their emergency response plans. At the same time, we are also dedicated to providing immediate and sustained support to those in our firm community who have been affected.

We remain united in support of one another, the communities we serve, and those working to rebuild their lives after experiencing this disaster.
