

## Financial Markets Regulation COVID-19 Resource Center

October 22, 2020

Financial market regulators continue to address various regulatory issues arising from the ongoing COVID-19 crisis by, for example, granting exemptive relief, issuing temporary orders, and publishing guidance. As a resource to market participants, we have compiled (and will update regularly) all such actions taken by the SEC, CFTC, FINRA, NFA, FCA, and ESMA (as well as certain relevant actions taken by other regulators worldwide, including exchanges, national regulators and other governmental organizations). The listings below are organized by regulator; however, you may find it more useful to sort these regulatory actions based upon your business type, by selecting one of the links set forth at the bottom of the page.
