2900 K Street NW • Washington, DC 20007

Next to Washington Harbor in Georgetown

AND BY WEB SEMINAR FROM YOUR DESK

One Hour of Virginia CLE Credit

Click here to RSVP by Friday, September 19

Program Overview

As SSOs play an increasingly significant role for businesses and the government alike, understanding the benefits and the potential risks and costs, especially when it comes to terms and conditions regarding your proprietary IP rights will be critical. Join us for this panel discussion led by Katten's Washington managing partner Roger Furey, together with Freddie Mac associate general counsel Robert Hebda, Valley View Corporation consultant Dan Bart, and Katten antitrust practice partner James Calder. **Program topics include:**

Benefits, risks and costs of participation in SSO's | Impact on intellectual property rights
Antitrust implications | Selection criteria to consider | Litigation and government enforcement trends
