

# Clarity Group, Inc. and Clarity PSO, A Division of Clarity Group, Inc. Present: **PSOs Made Easy!**

Join Us on October 6th @ 10:00am CDT for a Free Webinar to De-Mystify Patient Safety Organizations!

**PSOs Made Easy!**  
**October 6, 2011**  
**10:00am-11:30am CDT**

The Patient Safety and Quality Improvement Act of 2005 (Patient Safety Act) created Patient Safety Organizations (PSOs) to improve the quality and safety of healthcare delivery. To achieve these goals, the Patient Safety Act established strong Federal confidentiality and privilege protections so healthcare providers would voluntarily report and share quality and patient safety information without fear of legal discovery.

The work of the PSO is to engage in specific patient safety activities with their provider clients in a protected environment that creates the foundation of data collection, aggregation and analysis. PSOs can assist in identifying patterns and trends and then help put best practices into place to eliminate the risks and hazards associated with the delivery of healthcare.

But what does this all really mean to you as a healthcare provider?

[This webinar will help clarify the following:](#)

1. What is a PSO: myths and realities?
2. Who can work with a PSO?
3. Why should my organization work with a PSO?
4. How can my organization and providers be protected under this legislation?

[This complimentary webinar will feature expert commentary by:](#)

**Tom Piotrowski, RN, MSN, NE-BC, CSSGB**  
Executive Director  
Clarity PSO, A Division of Clarity Group, Inc.
