

COVID-19 Regulatory Actions and Developments The European Securities and Markets Authority (ESMA)

Date: August 28, 2020

NEW! *ESMA Finalises COVID-19 Report on Further Postponing CSDR Settlement Discipline*

ESMA has published a final report on draft regulatory technical standards (RTS) definitively postponing the date of entry into force of the Commission Delegated Regulation (EU) 2018/1229 (RTS on settlement discipline), to 1 February 2022. The postponement was requested by the European Commission and is due to the impact of the pandemic on the implementation of regulatory projects and information technology deliveries by Central Securities Depositories and a wide range of market participants.

NEW! *ESMA to update Guidelines on Stress Test Scenarios under MMFR*

ESMA confirmed that the guidelines (Guidelines) on stress test scenarios under the Money Market Funds Regulation (MMFR) will be updated to include a modification of the risk parameters to reflect market developments related to the COVID-19 crisis. Pending the update, 2019 Guidelines continue to apply. ESMA expects to publish the 2020 update of the guidelines in Q4 2020.

ESMA Publishes Results on Third Stress Test Exercise Regarding CCPs

ESMA confirmed in the latest stress test exercise the overall resilience of EU CCPs to common shocks and multiple defaults for credit, liquidity and concentration stress risks. ESMA also noted that EU CCPs remained resilient during the COVID-19 pandemic, despite the increased market volatility and operational risk.

ESMA Publishes Statement on the Non-Renewal and Early Termination of European Short Selling Bans

ESMA notes that the national competent authorities in Austria, Belgium, France, Greece and Spain chose not to renew their emergency restrictions on short selling, and that the Italian regulator decided to pre-emptively terminate its equivalent emergency restrictions (which were otherwise due to expire on June 18). All such short selling measures therefore expire at midnight on May 18.

ESMA Highlights a Potential Decoupling of Financial Market Performance and Underlying Economic Activity in its Risk Dashboard

ESMA published its first complete risk dashboard for 2020, which maintains the very high risk levels noted in its previous assessments following the outbreak of COVID-19. ESMA notes that there is potential for a decoupling of financial market performance and underlying economic activity, which could possibly lead to further risk and market corrections in the EU.

ESMA Report on Rating Collateralised Loan Obligations

ESMA published a thematic report on the challenges for credit rating collateralised loan obligations ("CLO") in the EU. The report identifies ESMA's main supervisory concerns for this asset class, which includes the internal organisation of credit rating agencies, their interactions with CLO issuers, operational risks, rating methodologies, and the need for thorough analysis of CLOs. The report also highlights the impact that COVID-19 may have on CLO methodologies.

ESMA Clarifies Best Execution Reports under MiFID

ESMA published a statement to clarify the obligation for execution venues and investment firms to publish best execution reports under MiFID II and to encourage national competent authorities of the various EU Member States not to prioritize supervisory action against execution venues and firms for failure to meet the originally-applicable deadlines. Execution venues which were unable to publish their required best execution reports due by March 31, 2020, must now publish them as soon as reasonably practicable and no later than June 30, 2020. Investment firms required to publish best execution reports by April 30, 2020, must now do so on or before June 30, 2020.

ESMA Publishes Guidance on Financial Reporting Deadlines

ESMA published a statement acknowledging that issuers may struggle to prepare financial reports in light of the COVID-19 pandemic. As a result, national competent authorities in the various EU Member States should apply their forbearance powers towards issuers who need to delay publication of financial reports beyond the ordinarily-applicable statutory deadline. Issuers, however, are expected to keep their investors informed of any expected publication delay.

ESMA Statement on Reporting Obligations under SFTR during the COVID-19 Pandemic

ESMA revised its public statement regarding the reporting requirements and registration of EU Trade repositories (“TRs”) under the EU Securities Financing Transactions Regulation (“SFTR”), which were due to apply from April 13, 2020. According to ESMA, from April 13, 2020, until July 13, 2020, national competent authorities of the various EU Member States should not prioritize their supervisory action towards entities which are subject to the reporting obligations under the SFTR. ESMA also stated that, while it does not deem it necessary to register any TRs ahead of April 13, 2020, all such TRs should be registered by July 13, 2020.
